

Village House in Alora

5

2

145m²

92m²

N/A

A large village house in good condition on a quiet street in the town within walking distance of shops and restaurants. The house is currently divided into two apartments with separate entrances, but could easily go back to being single home. However, as it is, it offers good rental options for one of the apartments while you live in the other. In apartment 1, a small staircase leads up to a lounge with a Juliette balcony with a wonderful view. There are 3 bedrooms, of which two are double rooms, leading from the lounge. Through the kitchen you come out to a laundry room which in turn leads out to a full bathroom. In apartment 2 you enter directly from the ground floor into a lounge area, to the left you will find a bedroom. From the lounge you enter an inner hall, with a second large bedroom and to the left a TV room. Via the TV room you enter the kitchen which has a useful large pantry. Through the hall you come to a covered patio, here you will find a new bathroom and a storage room. You then come out into a small patio where a staircase leads up to a large terrace with a beautiful view across the rooftops to the mountains. The whole house is in very good condition having been newly decorated. #ref:APN7179
