A wonderful opportunity to acquire 372m<sup>2</sup> of original farm and outbuildings for renovation, just minutes from the town of Álora, plus 41,000m<sup>2</sup> of excellent farm land, currently used for cereal crops, but suitable for any planting or livestock. The old house has basic accommodation, kitchen, sitting room, bedroom and bathroom, with 2 more rooms on the upper level. To the side and rear there are a whole range of outbuildings around a central cobbled yard area. The potential is enormous, it is a big project, but the asking price reflects the work that needs to be undertaken to create a fantastic home. #ref:APN7206
